**Part 1: Required:** attend a 1-hour training session on March 22<sup>nd</sup> from either 12:00-1:00 p.m. or from 7:00-8:00 p.m.

- Learn how rain gardens are used to prevent contaminated runoff from flowing into Paulins Kill lakes.

---

**Part 2: Rain Garden Design Session: April 5<sup>th</sup>** (participants will be assigned a 30-minute block to work one-on-one with Rutgers professionals)

- Work with Rutgers Engineers and Landscape Architects on Zoom to have a customized rain garden design created for your property and learn about your eligibility for rain garden rebate funding.
